

Insurance Valuations – Gloucester docks

Client: Private client
Site: Gloucester docks
Offer: Fire Reinstatement Valuations

Evans Jones was appointed to carry out fire reinstatement valuations of two Victorian warehouses in Gloucester docks for an investment client.

The main challenge was to produce a robust cost assessment of two unique warehouse buildings in an equally unique setting.

We had previously worked on the refurbishment of other warehouses on Gloucester docks which gave us a unique insight into construction of these buildings and the challenges faced in terms of access in a docklands environment.

Based on our specialist knowledge we were able to prepare detailed and robust cost assessments which resulted in savings to the client on their premiums.
